

Day & Ross Recognized by General Motors as a 2019 Supplier of the Year Winner

HARTLAND, NB: Day & Ross was named a GM Supplier of the Year by General Motors during a virtual ceremony honoring the recipients of the company's 28th annual Supplier of the Year awards on Wednesday, June 24, 2020.

During the event, GM recognized 116 of its best suppliers from 15 countries that have consistently exceeded GM's expectations, created outstanding value or introduced innovations to the company. The awards ceremony was originally scheduled as a live-event to be held in March but was postponed due to the impact of the COVID-19 pandemic. The recognition is for supplier performance in the 2019 calendar year.

"We're proud to be recognized as a 2019 GM Supplier of the Year for the fourth year in a row," said Shawn McMahon, Chief Operating Officer at Day & Ross. "As a company, we're committed to adding value for our customers and finding innovative ways to meet their needs and help them succeed. We're grateful for our ongoing partnership with GM and honored to be counted among the deserving recipients of this prestigious award."

"Our suppliers play a key role in delivering the products, services and experiences our customers deserve – and these award-winning suppliers went above and beyond our expectations," said Shilpan Amin, GM vice president, Global Purchasing and Supply Chain.

"We also believe it's important at this point in time to thank our entire supply base for their efforts the last few months to mitigate the impacts of COVID-19," added Amin. "Not only have we been able to safely restart our manufacturing operations, our suppliers played a key role in assisting our initiatives to increase the supply of ventilators and personal protection equipment (PPE) for frontline health care workers to help save lives and keep communities safe."

The Supplier of the Year award winners were chosen by a global team of GM purchasing, engineering, quality, manufacturing and logistics executives. Winners were selected based on performance criteria in Product Purchasing, Global Purchasing and Manufacturing Services, Customer Care and Aftersales, and Logistics.
